

2075D Set of 2 Connecting Shelves

Description

The perfect solution for any wholesale store or decor, this set of two white connecting shelf extensions from D.B. Imports Wholesale Display Fixtures offer a modular design that easily connects to our existing single and double etageres (2073 and 2074) and display shelves (2029). With their neutral hue, these shelves blend in seamlessly into any décor while also providing durable storage for small items. Perfect for both commercial and residential use, this attractive set of long lasting shelves is sure to keep your store wholly organized with its sleek look.
