

2119X-FT Quartz Top Flat for 2119X

Description

Our quartz top, made specifically for our two tiered counter (2119X), is an attractive and stylish addition to any retail store or commercial space. Crafted with premium quality quartz material, this top offers an incredibly durable and chip-resistant surface that can easily withstand the rigors of everyday use without showing signs of wear and tear. Its polished surface adds eye catching appeal to your display while its high-gloss finish provides a smooth texture for added protection. With such reliable construction in mind, our quartz top will surely become a valuable asset when displaying products in style.
