

4344-DW 4 Tier Square Counter Top Display

Description

D.B. Imports offers this four-tier spinning square display as the perfect way to make the most out of your storeâ€™s merchandising opportunities. Crafted from wood and metal and colored with a white finish, it stands out in any store setting. Each tier spins independently so that customers can have easy access to products while creating an eye-catching view of merchandise within the fixture at all times. Additionally, its durable construction ensures that this product can withstand plenty of wear and tear without sacrificing style or space for your retail items. Enhance any store setting with this tiered square counter â€“ itâ€™s sure to be a standout piece in your business today.
