

4339C-DP Set of 2 Shelves

Description

These attractive distressed pine brown display shelves are the perfect addition to any retail space. The modular design allows them to easily expand our single and double modular etagere systems (2073 and 2074) and display shelves (2029). The set includes two square shelves that connect securely, giving you a sturdy and reliable fixture for displaying your products. With their rustic finish and classic design, these connecting fixtures will add a stylish touch to any store decor.
