

Clothing Bars (Set of 2)

Description

Our Clothing Bars are a set of two durable metal fixtures designed to display clothing, shoes and other accessories. They feature unique curved designs to fit neatly in any corner, giving your store the perfect space-saving option when showcasing items. The bars are lightweight and easy to assemble so you can quickly start displaying merchandise. These products are designed to be compatible with our cast iron modular wall unit (7230) and our iron posts (7231), as well as the brackets included in shelf and bracket sets (7232) and (7233). With their sleek design, these clothing bars will make an elegant addition to any retail shop.
