

2072-B Double Sided Apparel Rack

Description

Our double sided apparel rack is the perfect addition to any wholesale store. This tall, beautiful piece features a sleek brass finish, and the white high gloss top adds a pleasant touch of sophistication. Itâ€™s the ideal tool for displaying clothes or accessories for customers to browse through. With one level per side, you can use this rack to organize items more effectively and maximize your product visibility. Our double sided apparel rack offers great value with its sturdy construction and attractive design.
