

Modular Rolling Rack

Description

Introducing the modular rolling hanger rack from D.B. Imports! This stylish and sturdy hanger rack is perfect for any retail setting or storeroom, giving you the versatility to display garments while still keeping them secure. It features a hanger bar that comes standard with every unit and provides plenty of space for organizing clothing items in an efficient manner. You also have the option to include face out bars and a glass shelf with brackets, further expanding its utility as both a showcase rack and storage solution. Wheel it anywhere you need using the four heavy duty casters included in each purchase, making this hanging rack perfect for reorganizing your shop floor quickly and easily. The included hanger bar (item 4359-CB) is adjustable in height and can be removed when not needed. For additional hanging capability we offer optional face out bar (item 4366-FO) which attaches to hanger bar. The design also includes an optional tempered glass shelf which attached to the frame with brackets (item 4359-GS). Photoed with optional additional clothing bar (4359-CB) and glass shelves (4359-GS).
