

Modular Rolling Rack

Description

Our modular rolling hanger rack from D.B. Imports is the perfect choice for any retail setting or storeroom. It comes standard with a hanger bar, providing ample space to easily organize your clothing items in an efficient manner. The hanger bar is adjustable in height and can be removed when not needed, allowing you to customize it for different uses as required. For added convenience, this hanger rack also includes four heavy duty casters that make it easy to wheel around whenever necessary â€“ making it ideal for quickly organizing your shop floor area on the fly. Optional face out bars (item 4366-FO) and tempered glass shelf with brackets (item 4359-GS) allow you to further expand its utility as a showcase rack and storage solution if desired. Get organized today with our modular rolling hanger rack.
