

2070-B Nesting Table

Description

This nesting table is perfect for any retail or living space. With its strong metal frame, the tables feature a white high gloss table top, and a beautiful brass finish that adds an elegant touch to your interior decor. Our nesting table is designed with longevity and durability in mind, ensuring these pieces can stand up to years of use and still look great. Whether youâ€™re looking to add extra surface space while entertaining guests or just need extra storage options, this stylishly crafted nesting table will fit into any retail, home or office design.
