

## Nesting Table/ Coffee Table

### Description

Our nesting table from D.B. Imports features a wooden tabletop and a freestanding metal base with four legs for extra stability. Perfect for adding additional space when hosting guests, this piece is a great space-saving solution that can easily be stored away when not needed without taking up much surface area. The wooden tops and sturdy metal frame combine to create an attractive, modern look that will instantly enhance any room's decor. Pair with its larger companion, our standard height table (item 4353) and our riser table (item 4368) for an impressive three tier surface display.
