

Set of 2 Large Connecting Shelves

Description

D.B. Imports presents this set of 2 large connecting shelves, crafted from solid distressed pine with a rich brown finish. The modular design allows them to expand our single or double etagere systems (2073 & 2074) as well as our other compatible display shelving units (2029). These rectangular shaped shelves create the perfect display for any space in your retail space, home or office, ideal for showcasing and organizing books, accessories or decorations. Each shelf conveniently links together with included hardware to make them easier to assemble and secure. With an elegant yet rustic design that adds character to any setting, these connecting shelves are sure to enhance your décor.
