

2026-1 Three Tier Stand

Description

D.B. Imports's three-tier stand is the perfect shelving display for any products and decorations you want to draw attention to. This freestanding storage unit made of reclaimed elm wood and aged iron has locking caster wheels that make it easy to move around and position at any angle. The sturdy construction ensures that your shelving display will stay firmly in place while being moved and rearranged as needed. With its three tiered shelves, this item makes a great addition to any shop floor or display area. Pair this with any or all of the item 2026 counterparts for an impressive display.
