

Two Tier Counter

## Description

D.B. Imports two-tier counter is the perfect addition to any retail space, with two shelves for product storage, two drawers for supplies and a cash wrap section with ample room for payments and transactions. Our two-tier counter will add an elegant look to your store while providing you with the necessary storage space needed to run a successful business. This piece has been designed to create an organized and professional atmosphere in your shop which customers are sure to appreciate when shopping at your store! With its modern styling and sophisticated design this two-tier counter gives you all the benefits of style and practicality â€“ giving you everything you need to ensure efficient operations within your business. Combine with our counter stand (2119A) Island counter ( 2119 ) or Back Cash Wrap (2112BC) for a versatile surface & storage area
