

Wood Shelves with Brackets (Set of 2)

Description

The distressed charcoal shelf brackets from D.B. Imports are designed to add a rustic touch to any retail, home or office setting. Theyâ€™re made of high-quality metal for lasting durability and have an attractive distressed charcoal finish that complements wooden shelves perfectly. These shelf brackets are perfect for both open shelving and storage solutions, helping you make the most out of your space without compromising on style or sturdiness. With their durable design, they will fit right into any look youâ€™re trying to achieve and provide added support for your bookshelf or display area with ease!
